

INFINITY

WATER FILTER

SUPERIOR WATER FILTRATION
CRYSTAL-CLEAR WATER ON TAP

INFINITYWATERSOFTENERS.CO.UK

WHAT'S IN YOUR MAINS WATER

TAKE ACTION TODAY WITH AN INFINITY FILTER

CHLORINE

CHEMICAL TASTE AND SMELL

Does your water smell like a swimming pool? It's added by law, but doesn't taste great.

LIMESCALE

FLAKY DRINKS

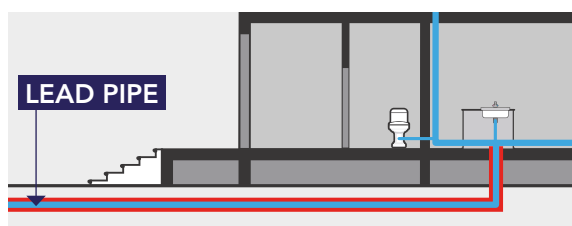

Flakes of limescale at the bottom of your cup?

CRUSTY KETTLE

Fed up looking at a grubby kettle?

LEAD

HARMFUL TO THE HUMAN BODY

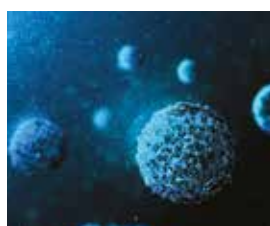

Was your house built pre-1970s? Lead, which is toxic to organs and tissues, can enter via the water pipes of older houses.

OTHER CONTAMINANTS

PESTICIDES

Although strictly monitored, water board violations have been reported.

PARASITES & CYSTS

These microscopic contaminants could cause gastrointestinal problems.

INFINITY FILTER

Get peace of mind with ultra-filtered water on demand - and enjoy greater protection for all the family.

FILTER REMOVES

- ✓ Chlorine
- ✓ Lead
- ✓ Viruses and Bacteria

SPECIFICATIONS

SIZE (d x h): 100 x 370 mm
CAPACITY: 6000 litres / 12 months
MAXIMUM PRESSURE: 8.6 bar

ULTRA-FILTRATION CARTRIDGE

A high performance, coconut shell activated carbon block. The bacteriological retention stage is composed of an ultra-filtration membrane with just a 0.1 micron diameter for superior performance.

K2

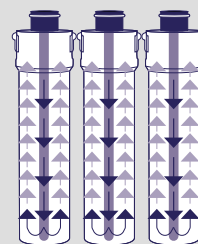

An advanced Reverse Osmosis filtration system, the K2 is designed for those who want a high level of filtration. Part of the premium range, for those who demand the purest and the best.

FILTER REMOVES

- ✓ Chlorine
- ✓ Limescale
- ✓ Lead
- ✓ Viruses and Bacteria
- ✓ Pharmaceuticals

SPECIFICATIONS

SIZE (w x d x h): 127 x 330 x 406 mm
PRODUCTION: 41.2 litres/day
PRESSURE RANGE: 2.5 - 6.9 bar

3 STAGE FILTRATION

A high capacity **pre-filter** removes small particles and chlorine. The **reverse osmosis filter** then forces water through a semi-permeable membrane, before it is stored. Finally, the **carbon post-filter** removes unpleasant tastes and odours.

INFINITY RO

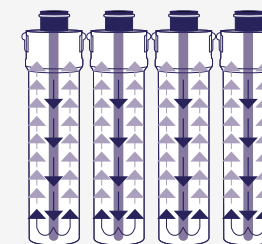

A compact, all-in-one, Reverse Osmosis filtration system. This electrical appliance has an in-built pump to provide high flow, perfectly filtered water on demand.

FILTER REMOVES

- ✓ Chlorine
- ✓ Limescale
- ✓ Lead
- ✓ Viruses and Bacteria
- ✓ Pharmaceuticals

SPECIFICATIONS

SIZE (w x d x h): 415 x 215 x 410 mm
PRODUCTION: 200 litres/day
PRESSURE RANGE: 1 - 2.5 bar

4 STAGE FILTRATION

Water is pumped through 4 stages of filtration. All the impurities are removed then the good minerals are put back in, thanks to the dedicated mineral plus cartridge. Delicious tasting and purer than bottled water on demand.

DELICIOUS WATER ON DEMAND

24 HOURS A DAY

Enjoy amazing tasting, crystal clear, filtered water on tap - there's nothing like it!

THE PERFECT CUPPA

MAINS TAPS

Oily, discoloured and flaky - not ideal.

FILTERED WATER

The most amazing cup of tea - no scum.

IDEAL FOR COOKING

SO TASTY

Enjoy the real flavours of your food, free-from chlorine and other contaminants.

BETTER FOR THE ENVIRONMENT

NO PLASTIC BOTTLES
It can take up to 450 years for a plastic bottle to bio-degrade.

SAVE MONEY TOO
From only 2p a litre, it's more cost effective than a filter jug.

WHAT'S YOUR STYLE?

The perfect accompaniment to a drinking water filter, is one of our stylish taps. From a single spout, to a top-of-the-range 4-way providing hot, cold, filtered and softened water all from the same tap.

We have the ideal solution to suit all homes and budgets.

ROBIN
A classic one-way tap

OSLO
Traditional one-way tap

FORUM
Versatile 3-way tap

ARES
Robust 3-way tap

VIRKA
Top of the range 4-way tap

ENJOY PEACE OF MIND WITH A MINDER

This ultra-compact, highly efficient, electric water softener with intelligent micro-regeneration functionality, is the perfect accompaniment to any Infinity Filter.
